# Master Brief - Aslam Dental Care Website (DEMO)

## WHAT YOU ARE BUILDING

A premium, single-page, fully responsive website for Aslam Dental Care, a dental clinic in Karachi, Pakistan. This is a DEMO website, so any missing information (numbers, reviews, prices, photos) may be filled with realistic placeholder content.

## HOW TO READ THIS PDF

- Every page after this one is ONE part of the website, in the exact scroll order (top to bottom).
- Each page shows a REFERENCE IMAGE plus a written analysis of it: layout, style, behaviour and the exact content to use.
- Recreate each reference UI as faithfully as possible: same layout structure, proportions, corner radius, spacing, typography feel, card styles, icons and hover behaviour.
- Do NOT redesign, simplify, or replace a reference layout with your own idea. No random creative changes.

## THE ONLY ALLOWED CHANGES

- Text becomes Aslam Dental Care content (given on each page).
- Colours follow the Aslam palette (accent blue #1E9BF0) even where a reference uses red, orange, green or lime.
- Photos and icons become dental-themed.
- Anything missing: invent realistic placeholder content and mark it with a TODO(DEMO) comment in the code.

## NEVER COPY THESE FROM REFERENCES

Credits, watermarks, and sample metadata, for example: 'Instagram @webmariv', 'Date / Design by / Scope / Name' footer text, 'Adobe Stock', 'www.DownloadNewThemes.com', 'Thread by Proton', 'Skale', 'Polyera', 'Made by', lorem ipsum, and other brand names visible in the references.

## BUILD ORDER

1) Read the Business Data and Design Tokens page. 2) Prepare brand assets and the shared button component. 3) Build sections 1 to 13 in order. 4) Apply the global rules (responsive, motion, SEO, accessibility).

GLOBAL

# Business Data and Design Tokens

## BUSINESS DATA (KEEP IN ONE SITECONFIG OBJECT SO IT IS EASY TO EDIT)

- Clinic name: Aslam Dental Care
- Tagline: Where Smile Meets Elegance
- Doctor: Dr. Fahad Aslam (BDS, RDS)
- Phone: +92 310 4555546 (tel: link). WhatsApp: https://wa.me/923104555546
- Address: Jheel Park Rd, Block 2, P.E.C.H.S., Karachi, Pakistan
- Hours: Monday to Saturday, open 24 hours (as listed on the clinic profile)
- Category: Dentist and Dental Office (medical and health)
- Core services: Dental Implants, Orthodontics (braces and aligners), General Dentistry
- Extra services (placeholders): Teeth Whitening and Cosmetic Dentistry, Root Canal Treatment, Kids Dentistry
- Description: Aslam Dental Care provides a wide range of dental treatment at affordable prices with up-to-date technology.
- Email (placeholder): info@aslamdentalcare.pk. Social links: placeholders (#)
- DEMO sample numbers: 10+ years of experience, 5000+ happy patients, 98% patient satisfaction, 4.9 average rating, 320 reviews, 30+ treatments

## COLOUR TOKENS

- Page background: grey-blue #C3CDD4 with pearl-white glossy silk shapes (hero)
- Card surfaces: #F2F4F6 and #FFFFFF; soft tint #FAFAFA for bento cards
- Accent blue: #1E9BF0 (gradient to #6CC4FF for buttons and glows)
- Text: black #0B0B0C, secondary grey #6B7280, muted #9CA3AF
- Dark sections / footer: #1B1C1E, deeper bar #131415, charcoal noisy backdrop #111 with film grain

## TYPOGRAPHY

- Headlines: Outfit, weight 300 (light), tight tracking (-0.02em). Hero headline UPPERCASE 72-96px desktop / 44-52px mobile. Section headings 48-64px desktop, 32-40px mobile, sentence case.
- Body: Inter 14-16px, line-height 1.6. Small labels 11-12px.
- Section tag pill (appears above most headings): small rounded-full pill, light grey #F1F2F4 background, 11px text, optional tiny dot.
- JetBrains Mono Bold only for the mobile process dial numbers.

## SHAPE, DEPTH AND MOTION

- Radius: big containers 32-40px, inner cards 20-24px, buttons and pills fully round, service arches fully round on top.
- Shadows: very soft and wide, e.g. 0 20px 60px rgba(15,30,50,0.08). No hard borders; use 1px #E8EBEE only where a reference has it.
- Motion: fade-up on enter (opacity 0 to 1, y 24px to 0, 600ms ease-out), stagger 80-120ms, hover lift 4-6px, count-up on stats. Honour prefers-reduced-motion.

GLOBAL

# Section Order and Global Build Rules

## SCROLL ORDER (TOP TO BOTTOM)

Sticky Navbar + 1 Hero | 2 About + Stats | 3 Why Choose Us | 4 Services | 5 Smile Transformations | 6 Treatment Process | 7 Meet the Team | 8 Reviews + Trust | 9 Care Packages | 10 Booking | 11 FAQ | 12 Find Us / Contact | 13 Footer | Floating WhatsApp button

## LAYOUT

- Max content width 1280px. Desktop vertical rhythm 96-120px between sections.
- Each section sits inside a large rounded container (radius 32-40px) floating on the page background, 24px outer margin on desktop, 12px on mobile.
- Smile Transformations, Care Packages and FAQ use the dark/grey showcase backdrop shown in their references; all other sections use the light page background.

## STACK

- React + Tailwind CSS (Vite or Next.js). Plain HTML/CSS/JS is fine if the tool prefers.
- Outline icon set (Lucide or similar). Google Fonts only: Outfit, Inter, JetBrains Mono. No heavy libraries; CSS plus IntersectionObserver or Framer Motion for animation.

## RESPONSIVE

Design at 375, 768, 1280 and 1536px. No horizontal scroll. Touch targets at least 44px. Desktop multi-column layouts collapse to a single column on mobile, bento grids stack, carousels become swipe-scroll with snap. Each page states its own mobile behaviour.

## FLOATING AND STICKY UI

- Navbar becomes sticky with a blurred translucent background after 80px of scroll.
- Round WhatsApp button (56px, bottom-right) on every screen, linking to https://wa.me/923104555546.
- Mobile only: sticky bottom bar with two buttons, 'Call' and 'Book Now'.
- Smooth-scroll anchors: #about, #services, #process, #team, #reviews, #packages, #booking, #faq, #contact.

## BOOKING BEHAVIOUR

No backend and no payment. The booking form builds a message from the chosen treatment, date, time, name and phone, then opens https://wa.me/923104555546?text=<URL-encoded message>.

## SEO, ACCESSIBILITY, PERFORMANCE

- Title: Aslam Dental Care | Dentist in P.E.C.H.S., Karachi. Meta description, Open Graph tags, Dentist/LocalBusiness JSON-LD (address, phone, opening hours, image).
- Semantic landmarks, alt text, visible focus rings, AA contrast, keyboard-friendly accordion and carousels, aria labels.
- Lazy-load images, WebP, fixed aspect ratios to avoid layout shift.

## IMAGERY

Use the two provided brand files (logo, doctor photo). For everything else use dental-themed royalty-free photos (Unsplash or Pexels style) or neutral placeholders, stored under /public/images with clear names. 3D tooth and dental icons are glossy white renders with soft blue shadow (PNG or SVG). Hero portrait is a smiling person cut-out.

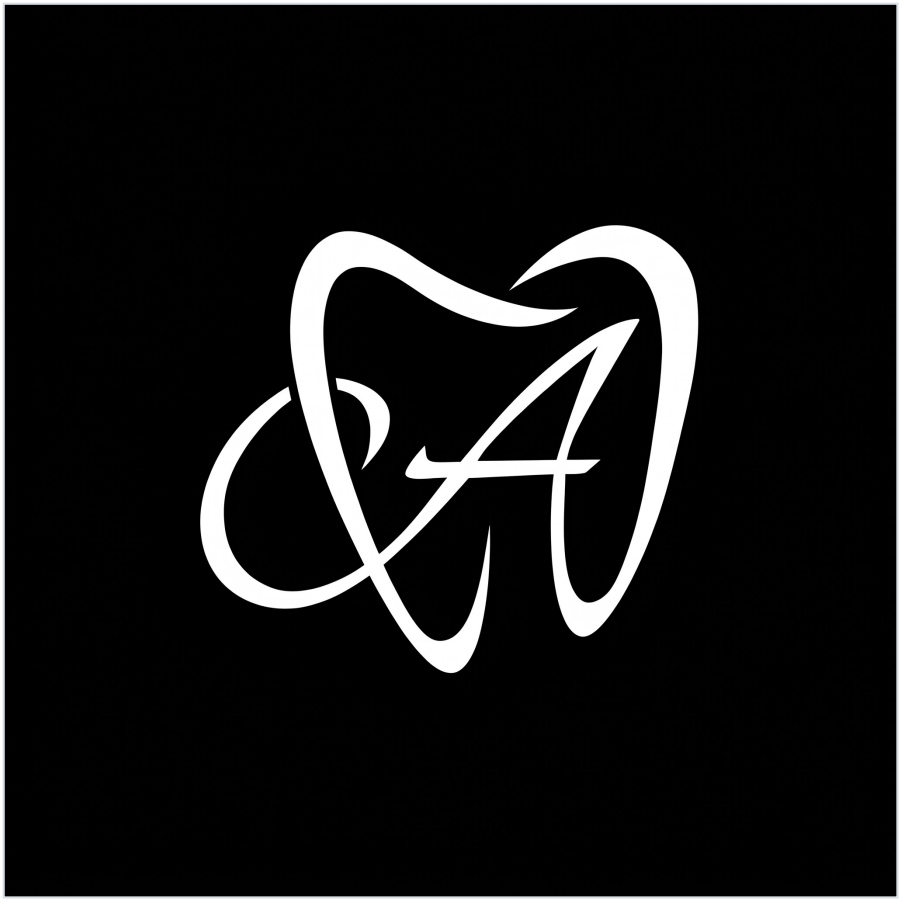

## CONTENT RULES

Warm, short, confident English. No invented awards, registrations or medical claims. All prices, numbers and reviews are DEMO samples with TODO(DEMO) comments.

BRAND ASSET

# Logo

*Provided clinic logo: white tooth outline with a cursive 'A', on black. Use the real file.*

## WHAT IT IS

A single-stroke tooth outline wrapped around a calligraphic capital 'A'. White artwork on a solid black square. Elegant, premium, handwritten feel; matches the tagline 'Where Smile Meets Elegance'.

## HOW TO USE IT

- Navbar (light background): show the logo dark. Apply CSS filter: invert(1) and mix-blend-mode: multiply so the black square disappears. Height 36-44px. Next to it add the wordmark 'Aslam' in Outfit 600 18px with 'DENTAL CARE' in 9px letter-spaced grey beneath.
- Footer (dark background): use the original white-on-black file with mix-blend-mode: screen (or a transparent white version). Height 48px.
- Favicon and hero rotating badge centre: crop the tooth icon only; white on the blue badge.
- Never recolour, stretch or add effects to the logo.

BRAND ASSET

# Doctor Photo - Dr. Fahad Aslam

*Provided photo of the dentist in his clinic.*

## WHAT IT IS

Dr. Fahad Aslam, BDS RDS: glasses, short beard, white coat over navy scrubs, stethoscope, seated in the clinic with framed certificates, bookshelf and dental chair behind. Bright, clean, trustworthy, natural light.

## WHERE IT IS USED (DO NOT RETOUCH THE FACE)

- Section 2 About: centre image card of the bento row (crop to portrait 4:5, object-position top, radius 24px).
- Section 7 Team: main centre tile (rounded square, radius 28px).
- Section 9 Care Packages: small round avatar (48px, face crop) on the consultation banner.
- Section 10 Booking: small avatar next to 'Doctor' row.
- Always keep the soft white clinic background; no heavy filters. Add a subtle 1px white border and soft shadow where it sits on cards.

GLOBAL COMPONENT

# Primary CTA Button (hover animation)

*Reference: 'Book a call' pill button, default and hover states.*

## ANALYSIS

A black pill button (height 56px, fully rounded, thin lighter outline for a glossy edge). DEFAULT: on the left a smaller inner pill filled with a gradient (reference is lime green) containing a dotted/pixel arrow icon; on the right the label 'Book a call' in white 18px medium. HOVER: the inner gradient pill expands to fill the whole button, the label disappears, and a black outlined phone-ringing icon appears in the centre.

## RECOLOUR AND CONTENT

- Replace lime green with the Aslam blue gradient (#1E9BF0 to #6CC4FF).
- Label: 'Book Appointment'. Hover icon: phone (or WhatsApp).
- Transition 300ms cubic-bezier(.2,.8,.2,1). Arrow icon moves 4px right before the expand.

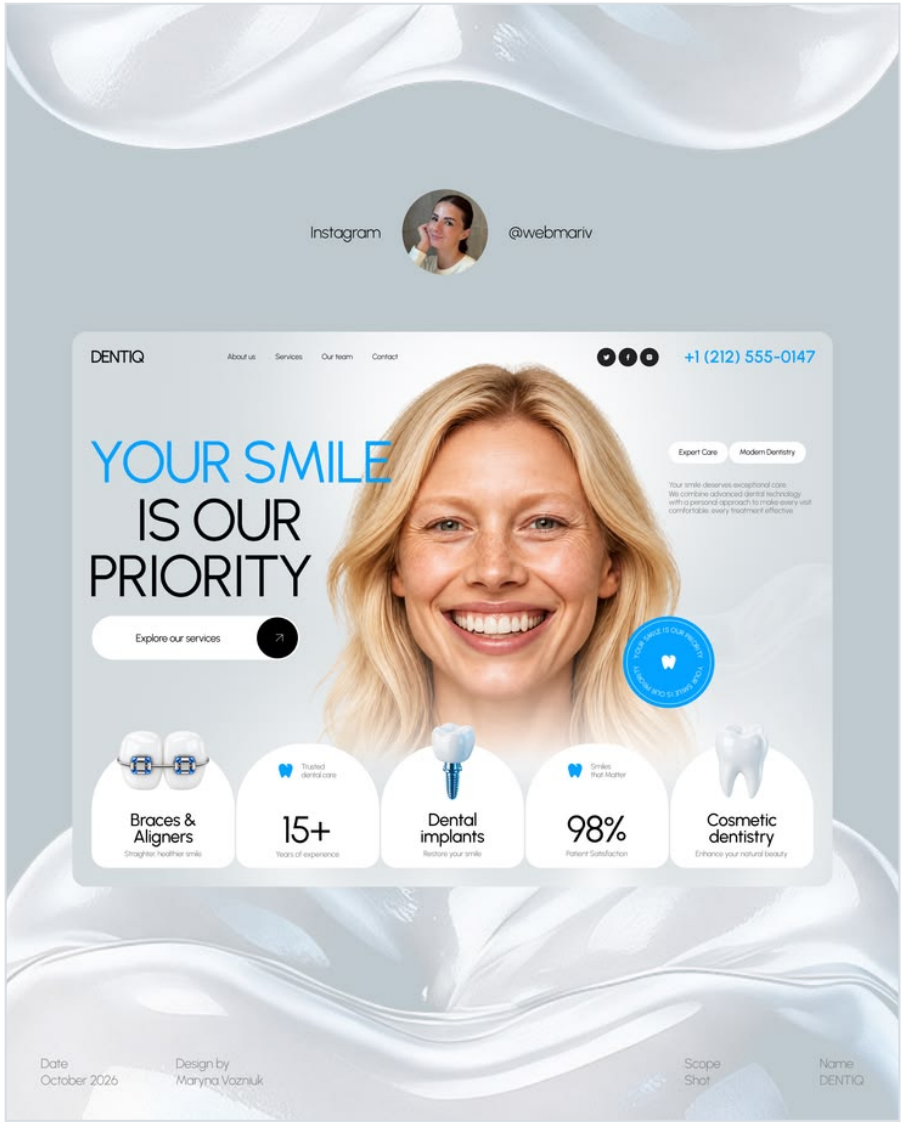

## WHERE IT IS USED

Care Packages banner button, Booking confirm button, Footer/Contact call-to-action, FAQ 'Contact Us' area. The Hero uses the white pill + black circle arrow variant shown on the Hero page, not this one. Build as one reusable <PrimaryButton /> component.

SECTION 1

# Navbar + Hero

*Reference: DENTIQ homepage hero. FINAL approved design - copy 1:1.*

## BACKDROP AND CONTAINER

Grey-blue page background (#C3CDD4) with large glossy pearl-white 3D silk / cream wave shapes at the very top and very bottom (blurred white gradients or an SVG/3D render). The hero is one large rounded card (radius ~28px, vertical gradient #F4F6F8 to #E6EBEE), about 90% of viewport width, ~32px margin, ~640px tall on desktop. Ignore the top Instagram credit avatar and the bottom Date / Design by / Scope / Name text of the reference.

## NAVBAR (INSIDE CARD, TOP)

Left: logo + wordmark. Next: links at 11-12px: About us, Services, Our team, Contact. Right: three small black circle social icons (Facebook, Instagram, WhatsApp), then the phone number +92 310 4555546 in accent blue, ~18px medium. Mobile: logo, round call button, hamburger.

## HEADLINE AND CTA (LEFT)

Three lines, uppercase, Outfit Light, line-height 1.0, ~88px. Line 1 'WHERE SMILE' in blue #1E9BF0; line 2 'MEETS' and line 3 'ELEGANCE' in black. Slightly overlaps the portrait. Below: white pill (height 56px, ~270px wide) with label 'Book Appointment' at left and a 44px black circle with a white up-right arrow at the right.

## PORTRAIT (CENTRE)

Large smiling person, shoulders-up, warm natural smile with visible teeth (placeholder photo, easy to swap). Height ~85% of the card. The bottom fades into the card colour with a gradient mask so the arch cards overlap its lower edge.

## RIGHT BLOCK

Two white pill tags with a hairline border side by side: 'Expert Care' and 'Modern Dentistry'. Under them a 3-line grey 11px paragraph: 'Your smile deserves exceptional care. We combine advanced dental technology with a personal approach to make every visit comfortable, every treatment effective.' Accent blue circular badge (~110px) at the lower right of the portrait: white text on a circle repeating 'WHERE SMILE MEETS ELEGANCE', a white tooth icon in the centre; rotates slowly (20s linear infinite).

## BOTTOM ARCH ROW (5 CARDS)

Equal-width white cards with fully rounded tops (border-radius 999px 999px 24px 24px), ~150px tall, 8px gap, anchored to the bottom of the hero card. A glossy 3D icon sits half outside the arch top. Order: 1 Braces & Aligners ('Straighter, healthier smile', braces icon). 2 Stat: small blue tooth icon + 'Trusted dental care', big '10+' (Outfit Light 44px), 'Years of experience'. 3 Dental Implants ('Restore your smile', implant icon). 4 Stat: 'Smiles that Matter', big '98%', 'Patient Satisfaction'. 5 General Dentistry ('Care for the whole family', tooth icon).

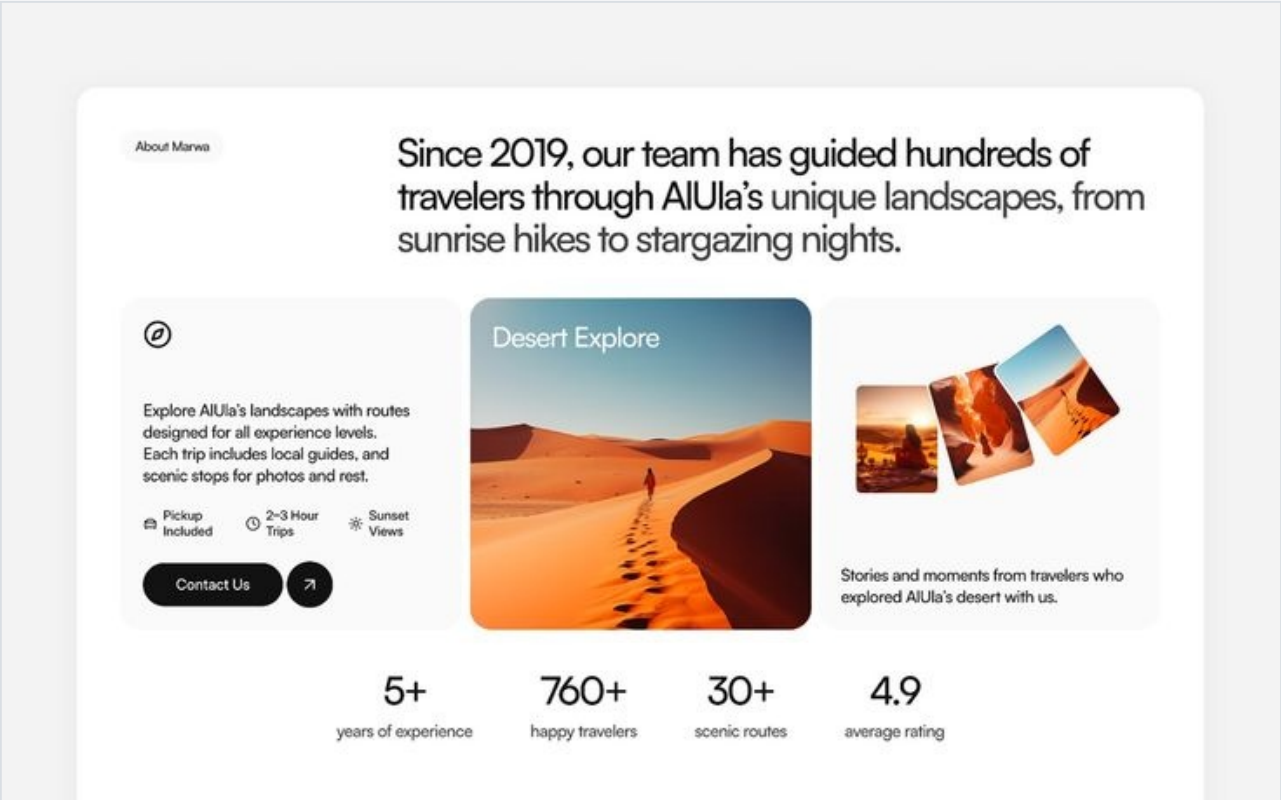

## BEHAVIOUR

Headline lines fade-up with 80ms stagger; arches lift 6px on hover; portrait subtle parallax. Mobile: nav compact, headline 46px centred, portrait below with fade, CTA full width, arches become a 2-column grid, badge 80px.

SECTION 2

# About + Stats

*Reference: 'About Marwa' block (top half of the Marwa reference). Copy layout 1:1.*

### CONTAINER AND HEADING

White rounded container (radius 28px, padding 40px). Top row: left a tiny pill label 'About Aslam Dental Care'; right (about 60% width) a large three-line statement, ~40px Outfit Light, black with its second half in grey #7A7F85: 'Since 2014, our team has cared for thousands of smiles across Karachi, from routine check-ups to complete smile makeovers.' (grey part: 'from routine check-ups to complete smile makeovers').

### BENTO ROW (3 CARDS, EQUAL HEIGHT ~260PX, GAP 16PX, RADIUS 24PX, BACKGROUND #FAFAFA)

- Card 1: small outlined tooth icon top-left; 3-line 13px text 'Explore modern dentistry designed for every age. Every visit includes a full oral check, a clear explanation of your treatment, and gentle care from Dr. Fahad Aslam.' Then three tiny inline feature chips with icons: 'Same-day Appointments', 'Modern Equipment', 'Gentle Care'. Bottom: black pill button 'Contact Us' with a black circle arrow beside it.
- Card 2 (centre, image card): full-bleed rounded photo of Dr. Fahad Aslam (provided photo), title in white at top-left 'Meet Dr. Fahad' (24px).
- Card 3: three tilted, overlapping rounded-square photos (clinic interior, smiling patient, dental chair), rotated about -8, 0 and +10 degrees, caption at the bottom 12px: 'Stories and moments from patients who found their smile with us.'

### STATS ROW (BELOW CARDS, CENTRED, 4 COLUMNS, NO CARD BACKGROUNDS)

Large Outfit Light numbers ~48px with a small grey 12px label under each: '10+ Years of experience', '5000+ Happy patients', '30+ Treatments offered', '4.9 Average rating'. Count-up when entering the viewport.

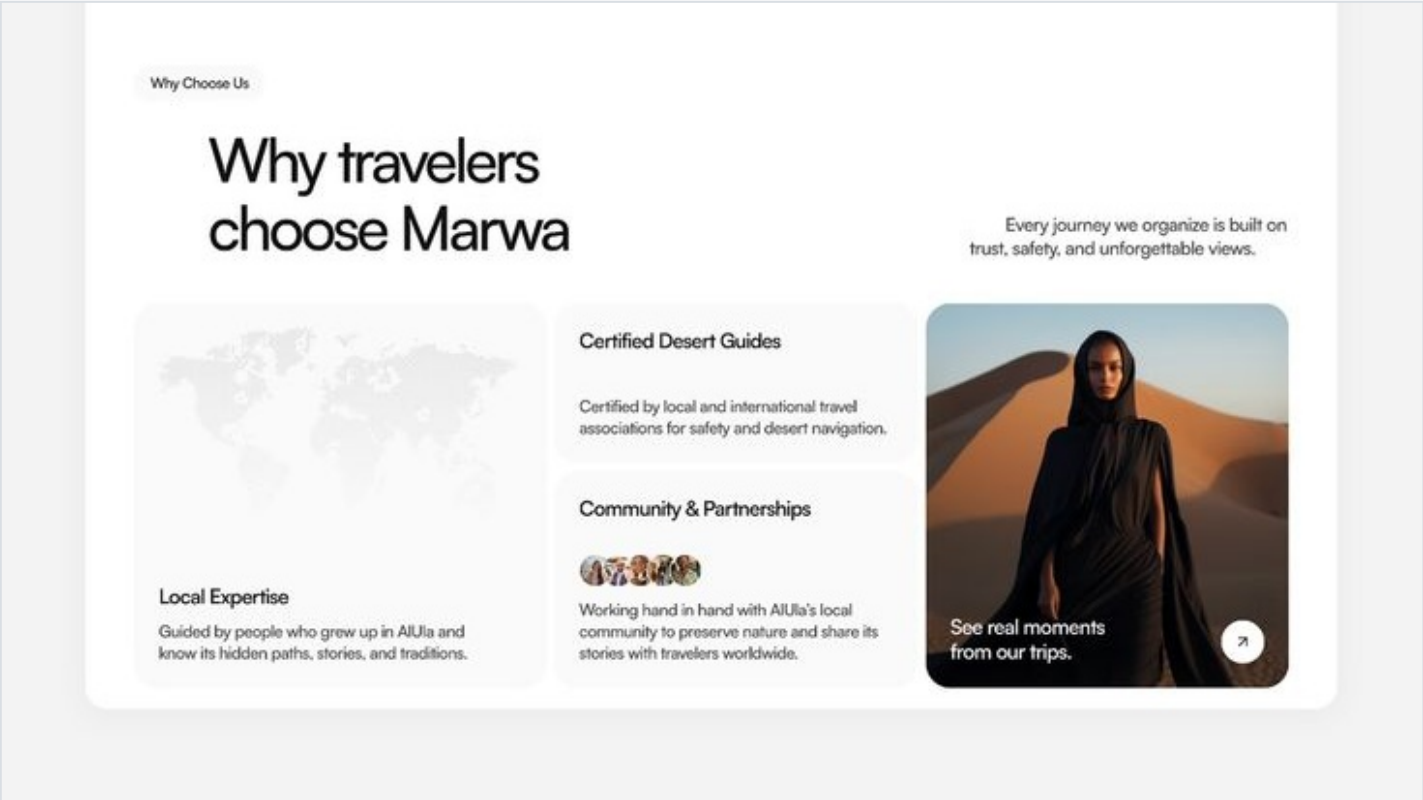

### BEHAVIOUR

Cards fade-up with stagger; the photo stack fans out slightly on hover. Mobile: cards stack in one column, stats become a 2x2 grid.

SECTION 3

# Why Choose Us

*Reference: 'Why travelers choose Marwa' bento grid (bottom half of the Marwa reference).*

### HEADING

Pill label 'Why Choose Us'. Heading at left, two lines ~56px Outfit Light: 'Why patients choose Aslam Dental Care'. At the right, aligned to the bottom, a small right-aligned 13px grey paragraph: 'Every treatment we offer is built on trust, hygiene, and results you can see.'

### BENTO GRID (3 COLUMNS, GAP 12PX, CARDS #FAFAFA, RADIUS 24PX, NO BORDERS)

- Column 1, tall card: a faint light-grey dotted map texture as background (dotted Pakistan/world map, one small blue pin on Karachi). Title at the bottom 'Local Expertise' (15px medium) and 12px grey text 'Based in P.E.C.H.S., Karachi, we know our community and treat every patient like family.'
- Column 2, top card: title 'Qualified Doctor', text 'Led by Dr. Fahad Aslam (BDS, RDS) with hands-on experience in implants and orthodontics.'
- Column 2, bottom card: title 'Modern Technology & Affordable Care'; a row of 5 overlapping circular patient avatars (28px, white border); text 'Digital X-rays, sterilised instruments, and fair prices with no hidden costs.'
- Column 3, tall image card: warm-light photo of a smiling patient (radius 24px). Bottom-left white text 'See real smiles from our clinic.' and a white round arrow button (44px) bottom-right.

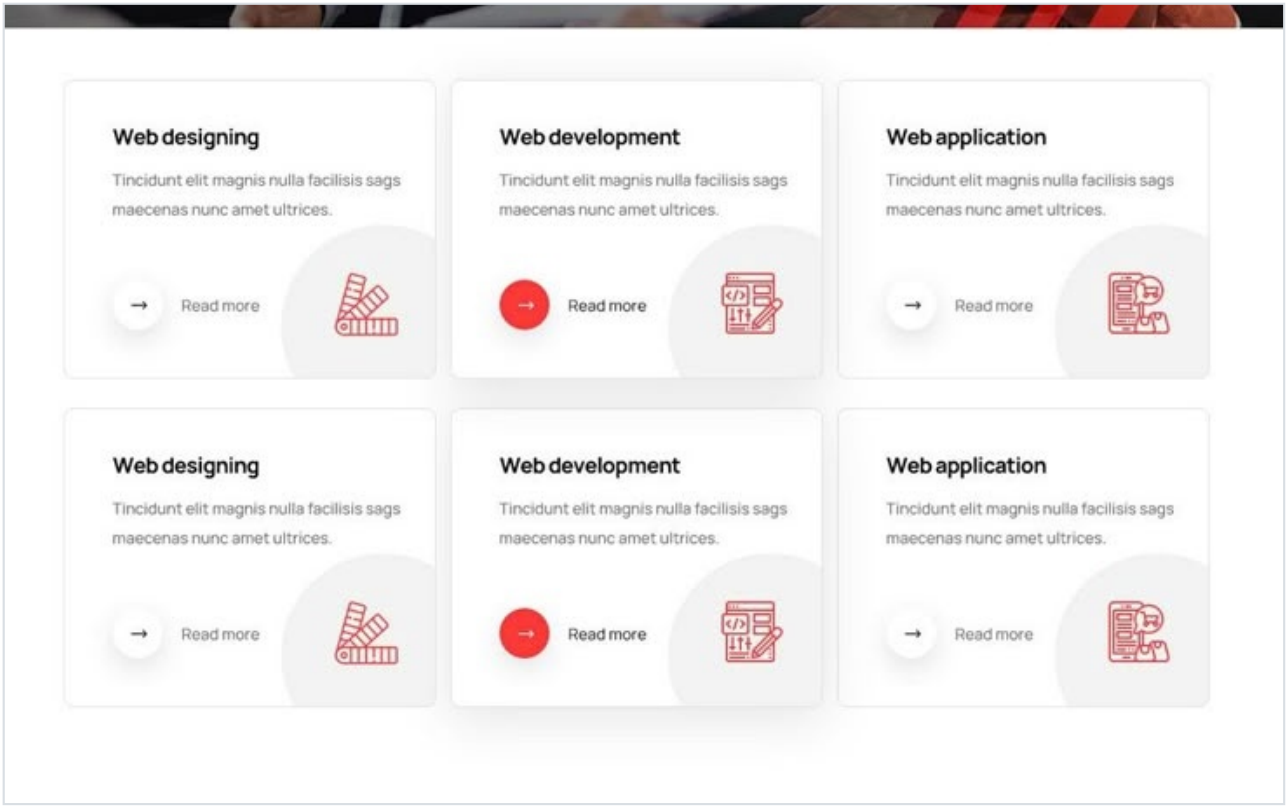

### BEHAVIOUR

Hover on the image card: image zooms 1.05, arrow button rotates 45 degrees. Mobile: single column, image card 4:5.

SECTION 4

# Services

*Reference: Amiso services card grid (3x2). Copy the card UI exactly; recolour red to blue.*

### SECTION HEADING

Do not use the photo header strip. Use the standard heading pattern: pill label 'Our Services', heading 'Treatments designed around you' (Outfit Light 56px), small right-aligned paragraph 'From routine care to complete smile makeovers, all in one clinic.'

### CARD UI (6 CARDS, 3 COLUMNS X 2 ROWS, GAP 24PX)

White card, 1px border #E8EBEE, radius 14-16px, padding 28px, height ~170px. Title 20px semibold black; two-line 14px grey description. Bottom-left: round arrow button (44px, white, soft shadow) with the label 'Read more' in grey 14px. Bottom-right: a large light-grey (#F1F2F4) circle (radius ~90px) peeking from the bottom-right corner with a 48px outlined accent-blue icon on it.

### HOVER STATE (SHOWN ON THE MIDDLE CARDS IN THE REFERENCE)

Card lifts 4px with a stronger shadow, and the arrow button fills accent blue with a white arrow.

### THE 6 CARDS

1 Dental Implants: 'Permanent, natural-looking replacement for missing teeth.'

2 Orthodontics (Braces & Aligners): 'Straighten teeth and correct your bite, for kids and adults.'

3 General Dentistry: 'Check-ups, cleaning, fillings and preventive care.'

4 Teeth Whitening & Cosmetic: 'Brighter, balanced smiles with safe whitening and bonding.'

5 Root Canal Treatment: 'Gentle treatment that saves your natural tooth.'

6 Kids Dentistry: 'Friendly, comfortable care for your little ones.'

Icons (outlined): implant, braces, tooth with shield, sparkles, root canal, smiling child.

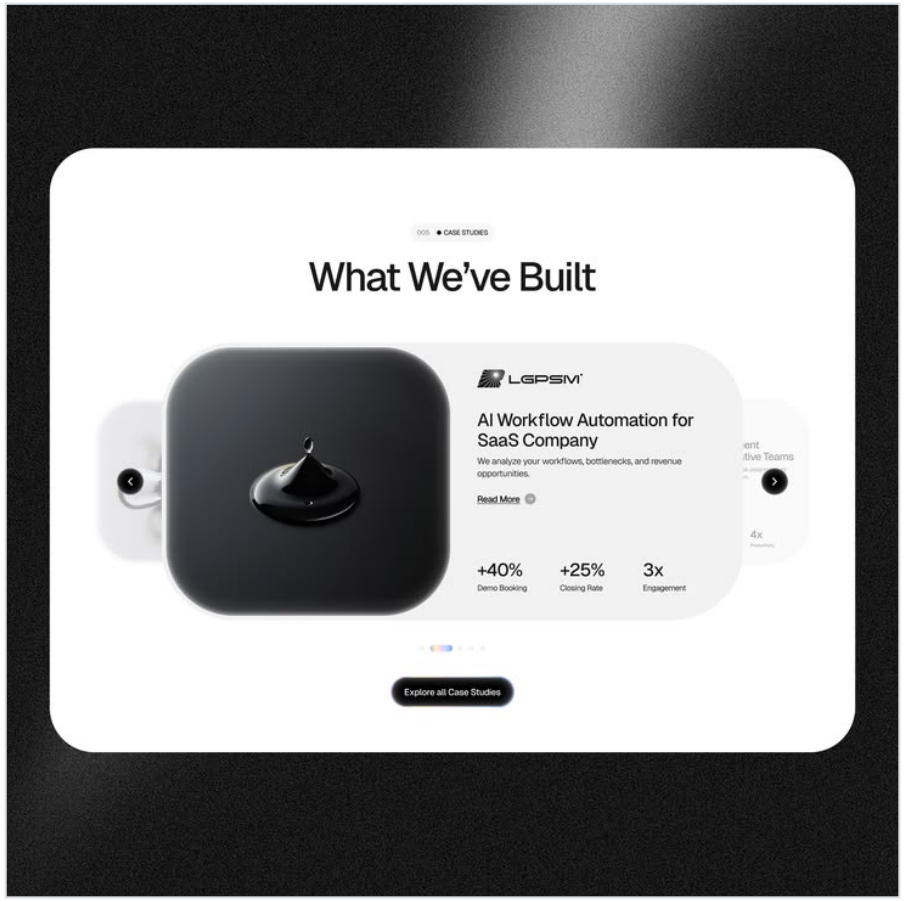

### BEHAVIOUR

Click opens the Booking section with the treatment preselected. Mobile: one column.

SECTION 5 (A)

# Smile Transformations - Carousel

*Reference: 'What We've Built' case-study carousel. Copy 1:1; content becomes smile transformations.*

## BACKDROP AND CONTAINER

Dark charcoal noisy backdrop (#111 with film grain and a soft light streak from the top-right corner). One big white rounded container (radius 40px, padding 48px) centred. Inside, top: tiny pill '05 - SMILE TRANSFORMATIONS' with a dot. Heading centred 56px Outfit Light: 'Smiles We've Created'.

## CAROUSEL

Active slide centred; previous and next slides are visible at the edges, scaled down, blurred, opacity ~0.5. Active slide card: wide, radius 36px, background #F1F1F2, ~260px tall. LEFT: large rounded-square image (240x240, radius 32px). RIGHT: small row with the Aslam logo + name; title 22px 'Full Smile Makeover'; 2-line 12px description 'Veneers and whitening for a confident, natural smile.'; 'Read More' link with a small circle arrow; bottom row of three stats (value 22px, label 11px grey): '2 weeks / Treatment time', '100% / Natural look', '5/5 / Patient rating'. Round black arrow buttons (36px) overlap the left and right edges of the active card. Below the carousel: dot pagination, active dot is a gradient pill (blue to lavender). Bottom centre: black pill button 'Explore all Cases' with a thin glowing gradient border.

## SLIDES (4 SAMPLES)

Full Smile Makeover | Dental Implant Restoration | Braces & Alignment | Teeth Whitening. Each slide's left image is the Before/After card from the next page.

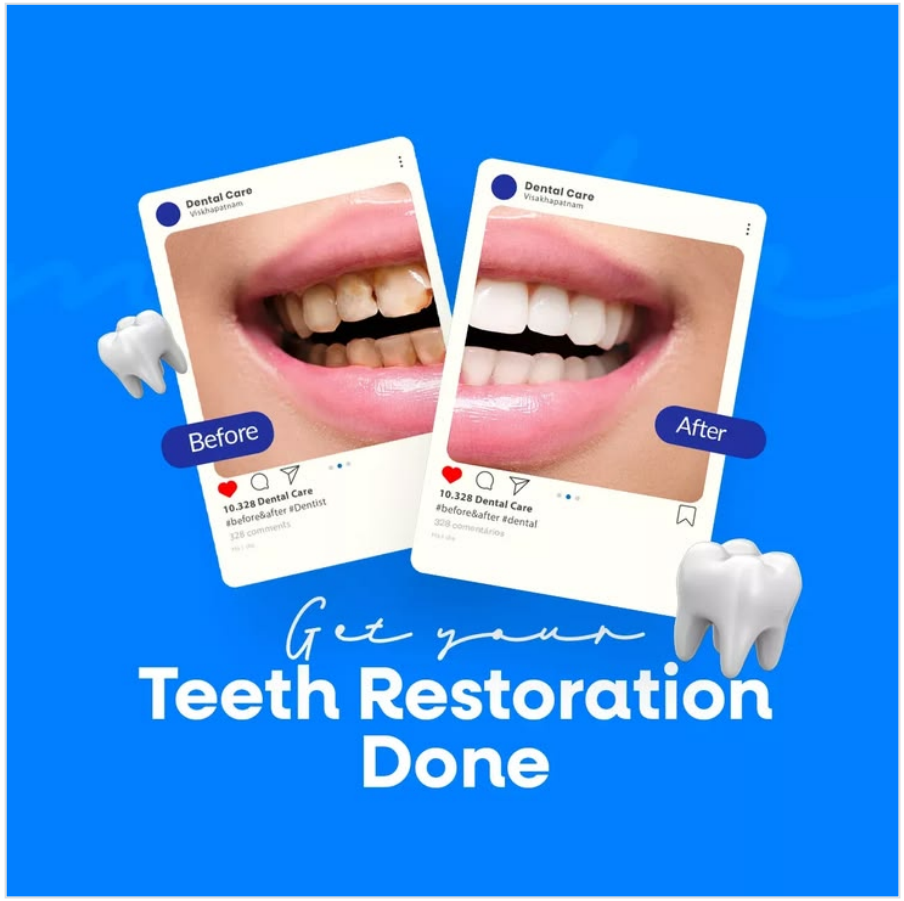

## BEHAVIOUR

Autoplay every 6s (pause on hover), swipe on mobile, scale and opacity transition 400ms. Mobile: one slide at a time, image on top, text below.

SECTION 5 (B)

# Before / After Card Style

*Reference: social-post style Before/After promo. Use for slide images and a promo banner.*

## ANALYSIS

Solid vivid blue background card. Two white 'social post' cards (radius 16px) overlap, rotated about -4 and +4 degrees. Each holds a close-up photo of a smile: left = stained/crooked teeth (BEFORE), right = bright white teeth (AFTER). Each post has a small header (round clinic avatar + clinic name + location), heart / comment / send icons and a tiny caption line. 'Before' and 'After' are deep-blue pills with white text pinned to the lower-left of the left card and the upper-right of the right card. Two glossy 3D tooth renders float at the left and right edges. Bottom headline: a cursive script 'Get your' in white above bold sans 'Teeth Restoration Done' (~44px).

## IMPLEMENTATION FOR ASLAM

- Build one reusable <BeforeAfterCard /> component.
- Compact version (no headline): used as the left image inside each carousel slide.
- Full version: a full-width promo banner under the carousel, background accent blue gradient (#1E9BF0), headline script 'Get your' + 'Smile Restored'.
- Post header text: 'Aslam Dental Care' and 'Karachi'. Do NOT show the reference's counts or hashtags such as '10.328 Dental Care'; use '1,204 likes' and '#smilemakeover'.
- Use placeholder before/after smile photos (keep them tasteful and clinical).

## BEHAVIOUR

Post cards float gently (translateY +/-6px, 6s ease-in-out infinite, alternating); tooth renders rotate slowly; mobile: cards overlap in a smaller stack.

SECTION 6 (A)

# Treatment Process - Desktop and Tablet

*Reference: 5-step process infographic. Copy the panel design exactly.*

## STRUCTURE

Heading above: pill label 'Our Process' + heading 'Your Treatment Journey' (reference shows small caps '5-STEP PROCESS' with a thin line; use the standard heading pattern instead). Five tall vertical panels side by side form one wide rounded rectangle (radius 24px). Panel backgrounds step from white, to pale blue-grey (#E4EAFB), to bright blue (#1D6BF3), to deep blue (#0B3A9E), to near-black navy (#050B2A). The top-left edge of panels 2 to 5 has a diagonal cut (~20px skew) giving a layered, stepped look.

## EACH PANEL

- Huge number 01-05 (bold geometric sans, ~96px) CLIPPED so its lower half is hidden behind the title block.
- Step title 15px bold, two lines.
- Thin divider line, then an 11px body paragraph (about 6 lines).
- A 28px outline icon at the bottom-left.
- Text colour dark on panels 1-2, white on panels 3-5.

## CONTENT

01 Consultation - 'Tell us your concerns. Dr. Fahad listens, examines, and explains your options clearly.' (chat icon)

02 Diagnosis & X-ray - 'Digital X-rays and a full oral check to find the exact cause.' (target icon)

03 Treatment Plan - 'A clear step-by-step plan with timeline and cost before we begin.' (clipboard icon)

04 Treatment - 'Gentle, precise care with modern equipment in a sterile setting.' (dental tool icon)

05 Follow-up Care - 'Check-ups and guidance to keep your results lasting.' (paper plane icon)

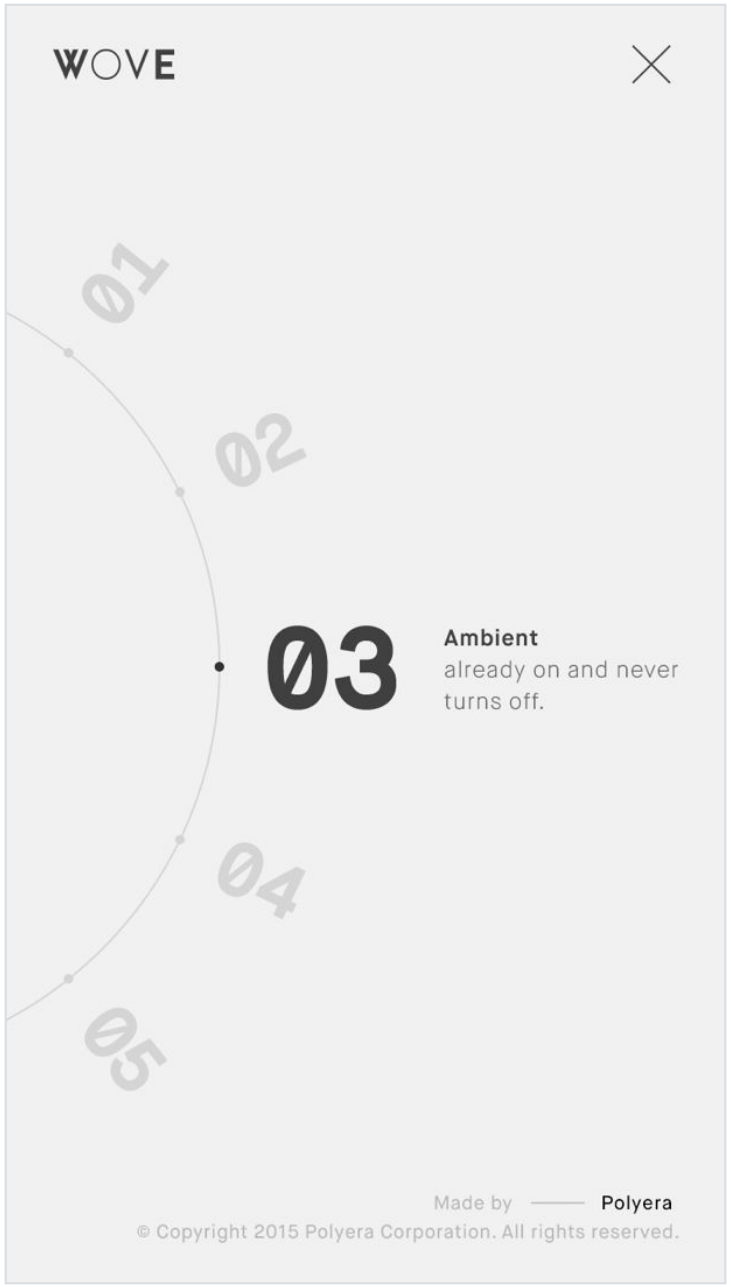

## BEHAVIOUR

Panels slide in from the right one by one on scroll (120ms stagger). Hover widens a panel slightly (flex-grow 1.2). Tablet: 3 + 2 layout. Mobile (under 768px): replace with the vertical dial on the next page.

SECTION 6 (B)

# Treatment Process - Mobile Dial

*Reference: circular number dial (mobile). Use ONLY below 768px as the mobile version of Section 6.*

## ANALYSIS

Light grey (#F0F0F0) full-height block. A big thin circle outline (radius ~190px) is positioned so only its right half is visible from the left screen edge. Small dots sit on the arc, one per step. Step numbers 01-05 follow the arc: inactive ones are light grey (#D0D0D0), rotated along the arc, bold monospace (JetBrains Mono Bold). The ACTIVE number sits at the arc's right-centre point, large (~72px, dark #3B3B3B) with a filled dot on the arc. To the right of the active number: step title in 15px bold and a 15px grey two-line description.

## CONTENT

Same five steps as the desktop version: 01 Consultation, 02 Diagnosis & X-ray, 03 Treatment Plan, 04 Treatment, 05 Follow-up Care, each with its one-line description.

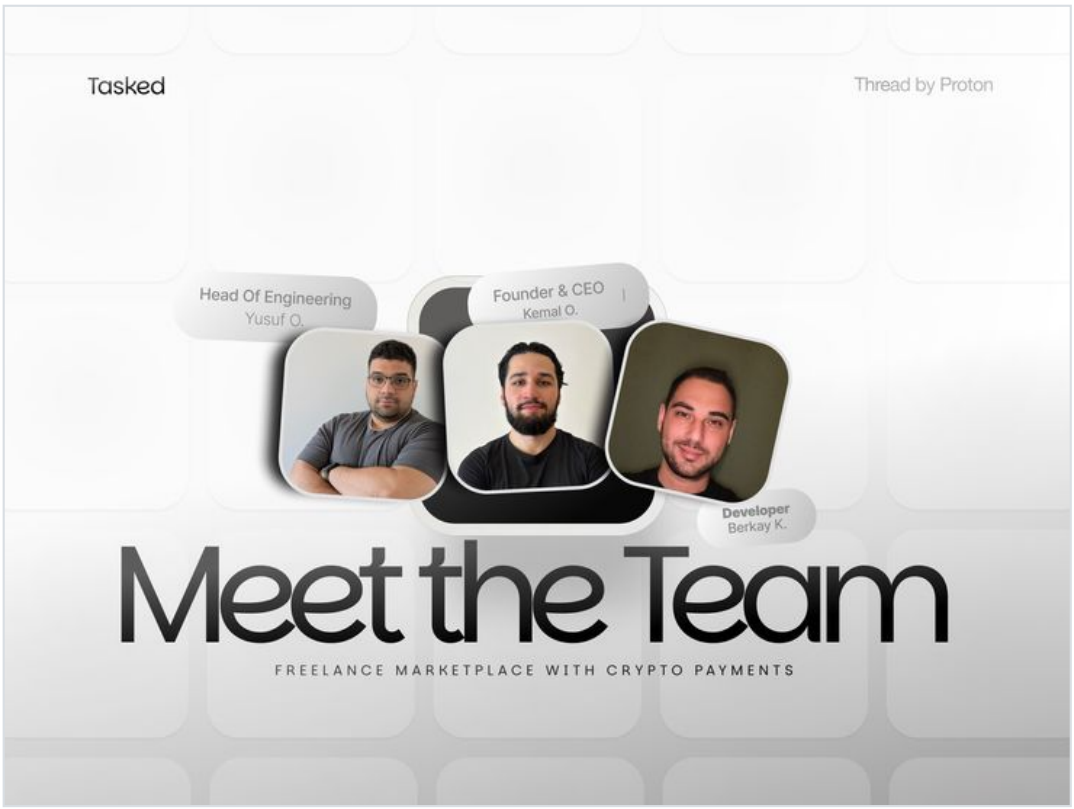

## BEHAVIOUR

Swipe up/down or tap a number to rotate the dial; inactive numbers rotate along the arc and fade; title and description cross-fade (250ms). Add the section heading 'Your Treatment Journey' above. Do not copy the reference's close (X) icon, 'WOVE' logo, or the 'Made by Polyera / Copyright' footer.

SECTION 7

# Meet the Team

*Reference: 'Meet the Team' photo cluster with floating role pills.*

## STRUCTURE

Very light grey/white background with a faint grid of large rounded squares (app-icon tiles) as texture. Three portrait tiles (rounded squares, radius 28px, thin white border, soft shadow) overlap in a fan: left tile lower and rotated about -4 degrees, centre tile larger and in front, right tile rotated about +4 degrees. Each tile has a floating frosted-glass pill label (fully rounded, 13px, two lines: small grey role above, bold name below) that straddles the tile edge. Below the photos: huge heading 'Meet the Team' (~96px, Outfit Light/Medium, text colour as a vertical gradient from black to mid-grey), centred, and under it a small uppercase letter-spaced subtitle 'THE PEOPLE BEHIND YOUR SMILE'.

## TEAM CONTENT (SAMPLES)

- Centre tile: provided photo of Dr. Fahad Aslam. Pill: 'Founder & Lead Dentist / Dr. Fahad Aslam (BDS, RDS)'.
- Left tile (placeholder portrait): 'Dental Hygienist / Ayesha Khan'.
- Right tile (placeholder portrait): 'Clinic Coordinator / Hamza Ali'.

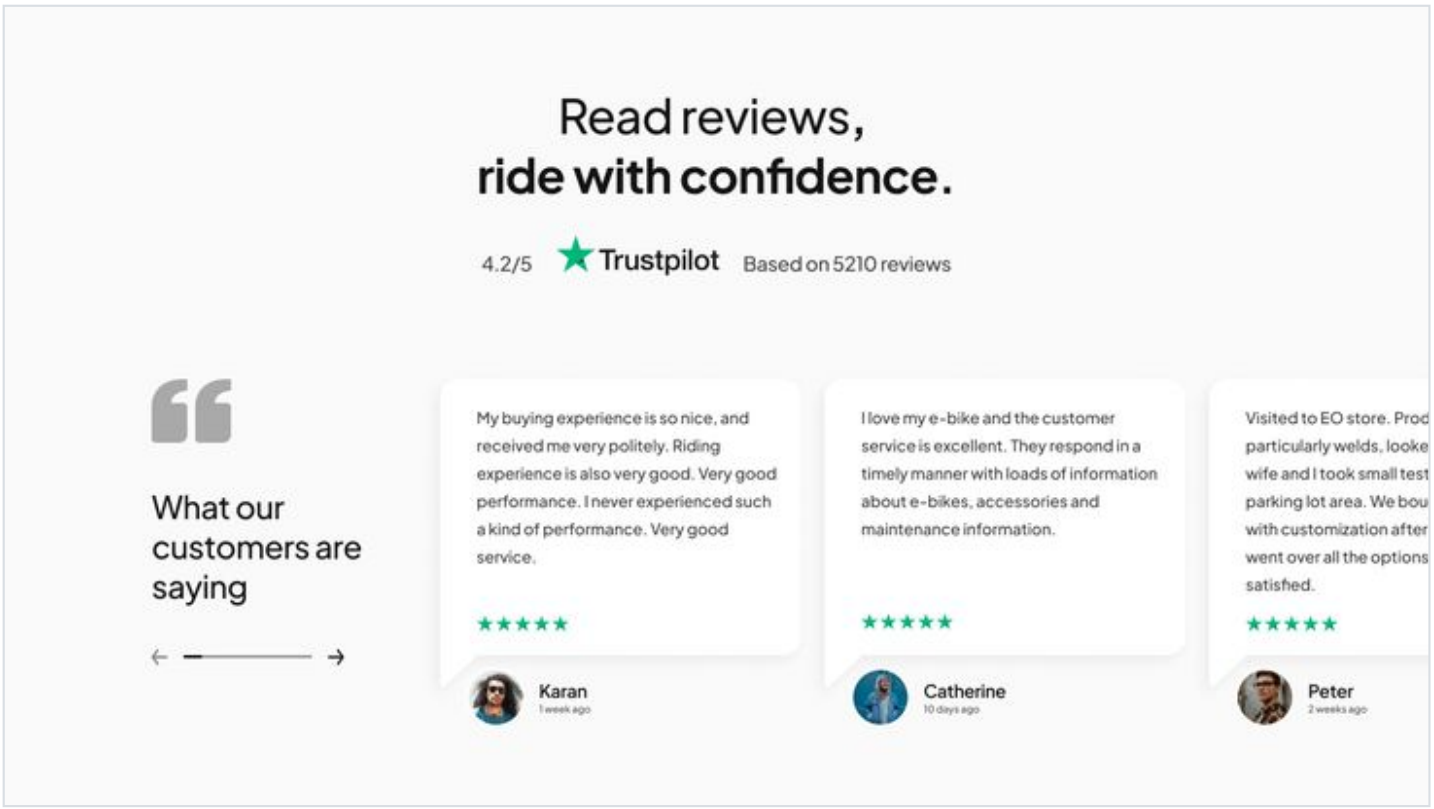

## BEHAVIOUR

Tiles fan out slightly on hover; pills float gently. Mobile: a horizontal scroll-snap row of cards, heading above.

SECTION 8 (A)

# Reviews

*Reference: 'Read reviews' slider with speech-bubble cards.*

## HEADING

Centred, two lines at ~40px: 'Read reviews,' (regular) then 'smile with confidence.' (semi-bold black). Below, a centred row: '4.9/5', a Google 'G' icon (replaces the green Trustpilot star), and 'Based on 320 reviews' in 13px grey.

## SLIDER LAYOUT

LEFT column (~200px): a large grey quotation-mark icon, the label 'What our patients are saying' (22px), and slider controls: left arrow, a thin progress line with a dark segment, right arrow. RIGHT: a horizontally scrolling row of review cards. Each card ~300px wide, white, radius 20px, soft shadow, with a speech-bubble tail at the bottom-left; 13px text; five gold stars; under the card next to the tail a 28px round avatar, bold 13px name and a 10px grey 'x weeks ago'. The third card is cut off at the viewport edge to hint at scrolling.

## SAMPLE REVIEWS

Sara M. - 'Very gentle and professional. Dr. Fahad explained everything and my implant feels completely natural.'

Bilal A. - 'Clean clinic, modern equipment and very reasonable prices. Highly recommended.'

Hina R. - 'My kids were nervous but the staff made them feel comfortable. Thank you!'

Usman K. - 'Best braces treatment in P.E.C.H.S. Great results.'

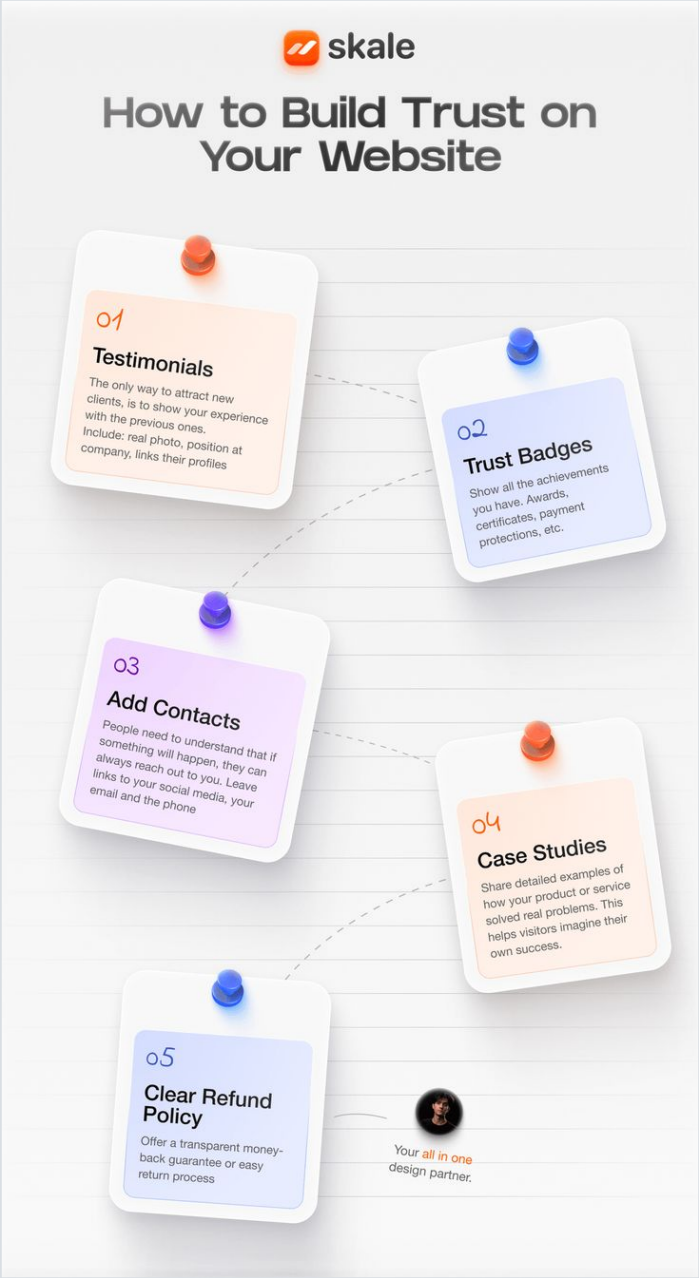

## BEHAVIOUR

Drag/scroll with snap; arrows move one card; progress line updates. Mobile: card width 85vw.

SECTION 8 (B)

# Trust Strip - 'Care You Can Trust'

*Reference: infographic of trust elements to include. Borrow its sticky-note card style.*

## WHAT THIS REFERENCE IS

It is a guideline infographic ('How to Build Trust on Your Website') listing five trust elements: testimonials, trust badges, contacts, case studies, clear policy. Do NOT copy its title, brand or tutorial text. Implement the five trust elements as a visual strip directly under the Reviews, using this reference's card style.

## CARD STYLE

White rounded cards (radius 24px, soft shadow) each with a pale tinted inner panel (peach, pale blue, lavender; use blue-tinted variations) and a glossy round pin on top (blue/white). Small hand-style numbers 01-05 in accent blue, title in bold 20px, 12px grey body. Cards are rotated -3 to +3 degrees in a loose zig-zag, connected by a dashed curved line on desktop.

## HEADING AND CARDS

Heading 'Care You Can Trust' with pill label 'Our Promise'.

01 Real Reviews - 'Verified feedback from patients in Karachi.'

02 Qualified Dentist - 'BDS, RDS qualified, with years of hands-on experience.'

03 Safe & Sterile - 'Sterilised instruments and strict hygiene for every patient.'

04 Always Reachable - 'Call, WhatsApp or visit us. We reply fast.'

05 Transparent Plans - 'Clear treatment plans and pricing before we start.'

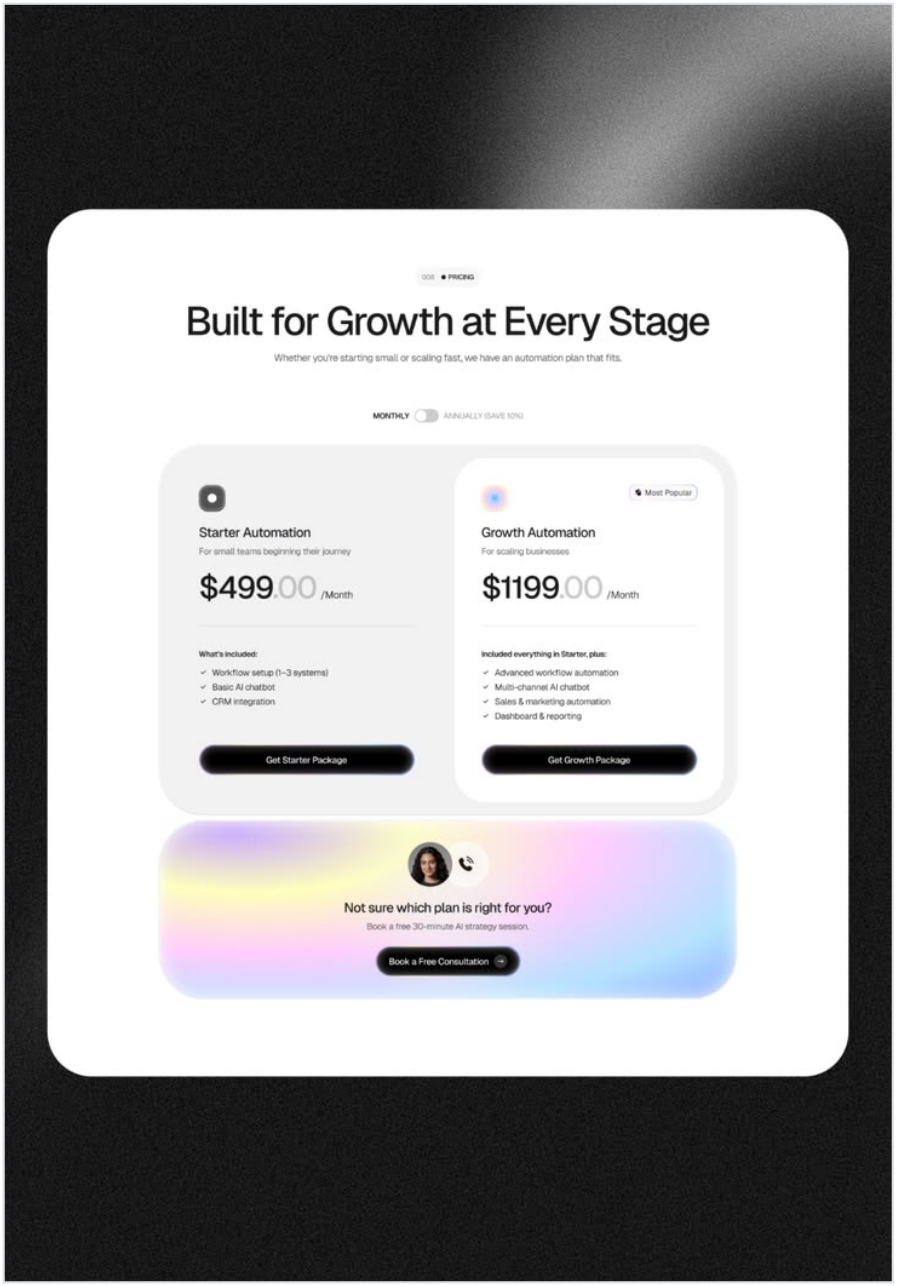

## BEHAVIOUR

On hover a card rotates to 0 degrees and lifts. Mobile: vertical stack with the dashed line running down the left side.

SECTION 9

# Care Packages

*Reference: pricing block with two plan cards and a gradient consultation banner. Copy exactly, minus the billing toggle.*

## BACKDROP AND HEADING

Dark noisy backdrop with a light streak at the top-right; one big white rounded container (radius 40px). Top: tiny pill '09 - CARE PACKAGES'. Heading centred ~56px Outfit Light: 'Care That Fits Every Smile'. Sub-line 13px grey: 'Whether it's a routine check-up or a full smile makeover, we have a plan that fits.' Remove the Monthly / Annually toggle.

## PLAN CARDS

Both sit inside a light-grey (#F0F0F0) rounded panel (radius 32px). LEFT card: grey (#EFEFEF), no border. RIGHT card: white with a soft inner glow and a small outlined 'Most Popular' pill (tiny icon) at the top-right. Each card: a 40px rounded app-icon at the top-left (left = dark rounded square with a white dot; right = glossy blue orb), plan name 16px, 12px grey subtitle, price 40px Outfit Light with a light-grey decimal and a small '/visit', hairline divider, 'What's included:' 11px bold, 3-4 checklist rows with tiny check icons, and a black pill button with a subtle blue glowing border at the bottom.

## PLANS (DEMO PRICES IN PKR, MARK TODO)

1 Essential Care - 'For routine check-ups' - Rs 2,500 /visit - Full oral examination; Digital X-ray; Scaling & polishing. Button 'Choose Essential'.

2 Smile Makeover (Most Popular) - 'For a complete smile upgrade' - from Rs 25,000 - Everything in Essential, plus: Teeth whitening; Cosmetic bonding; Smile design consultation. Button 'Choose Smile Makeover'.

## CONSULTATION BANNER (BELOW THE PLANS)

Wide card (radius 32px) with a soft blurred pastel mesh gradient (pink, yellow, blue, lavender). Centre: Dr. Fahad's round avatar (48px) overlapped by a white circle with a phone icon; text 'Not sure which plan is right for you?' (16px); sub 'Book a free 15-minute consultation with Dr. Fahad.' (DEMO); black pill button 'Book a Consultation' with an arrow circle.

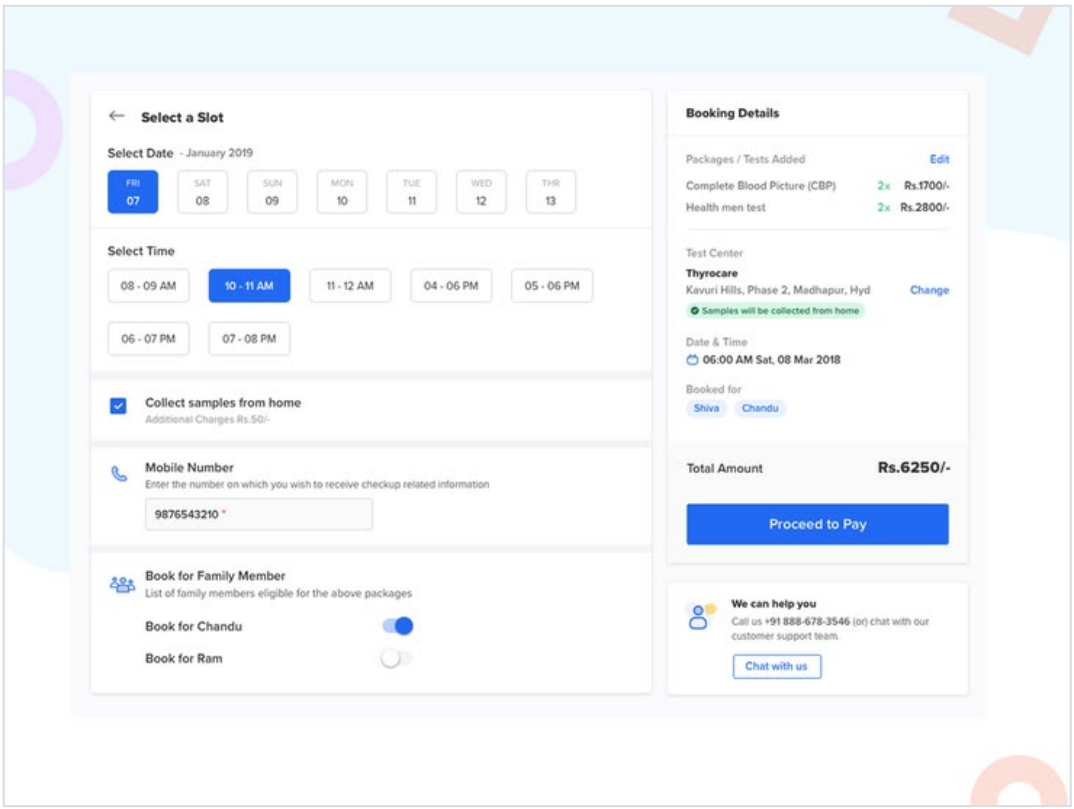

## BEHAVIOUR

Buttons scroll to Booking with the plan preselected; cards lift on hover. Mobile: cards stack.

SECTION 10

# Booking - Select a Slot

*Reference: date and time slot booking UI. Copy layout and components 1:1, recoloured to Aslam blue.*

## LAYOUT

Very light bluish page area with soft decorative circles. One wide white card (radius 20px, soft shadow), two columns: LEFT about two-thirds (form), RIGHT one-third (booking summary).

## LEFT COLUMN (TOP TO BOTTOM)

- Header row: back arrow + 'Select a Slot' (16px bold).
- 'Select Date - [Month Year]': 7 date chips in a row (day abbreviation above, large number below); selected chip filled accent blue with white text.
- Divider, then 'Select Time': outlined chips (radius 6px, 12px text), selected one filled blue. Slots: 09-10 AM, 10-11 AM, 11-12 PM, 12-1 PM, 4-6 PM, 6-8 PM, 8-10 PM.
- Row 'Treatment' (replaces 'Collect samples from home'): a dropdown with the services list.
- Row 'Mobile Number': phone icon, helper text, input with placeholder '+92 3XX XXXXXXX'. Add a 'Your name' input above it.
- Row 'Booking for someone else?' with two toggle switches (blue when on): 'Child' and 'Family member'.

## RIGHT COLUMN

Card 'Booking Details': rows for Treatment, Doctor (Dr. Fahad Aslam, small avatar), Clinic ('Aslam Dental Care, Jheel Park Rd, Block 2, P.E.C.H.S., Karachi') with a small green badge 'Walk-ins welcome', Date & Time with a calendar icon (updates live), and 'Booked for' chips. Then a 'Consultation fee' row with bold amount (DEMO: Rs 2,500) and a full-width blue button 'Confirm on WhatsApp'. Below it a small card 'We can help you': 'Call us +92 310 4555546 or chat with our team.' with an outlined button 'Chat with us' (opens WhatsApp).

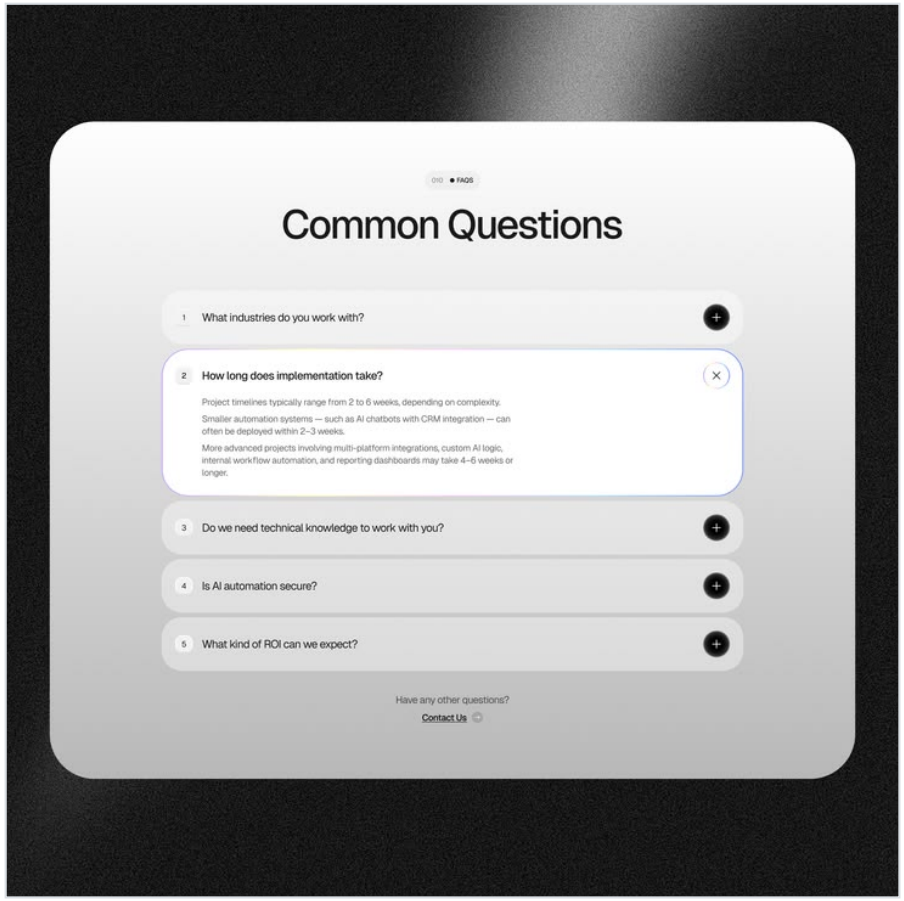

## BEHAVIOUR

Selections update the summary live. 'Confirm on WhatsApp' opens wa.me/923104555546 with the full summary as the message. No payment, no backend. Mobile: summary becomes a sticky bottom sheet; date chips scroll horizontally.

SECTION 11

# FAQ

*Reference: 'Common Questions' accordion. Copy 1:1.*

## CONTAINER

Large rounded container (radius 40px) with a soft vertical grey gradient (light to mid-grey) on a dark noisy backdrop. Tiny pill '11 - FAQS' with a dot. Centred heading 'Common Questions' (~56px Outfit Light).

## ACCORDION (MAX-WIDTH 760PX, 5 ROWS)

Each row: a pill-shaped bar (radius 24px), 56px tall, light grey #EDEDED. Left: a small square number chip (20px, white, radius 6px); then the question (14px); right: a 32px black circle with a white plus. The OPEN row: white background with a thin 1px gradient border (blue to lavender to peach tint), taller, answer text 12px grey in 2-3 short paragraphs; its circle turns white with a black X outline. Only one row open at a time; smooth height animation 250ms. Under the list: 'Have any other questions?' (12px grey) and an underlined 'Contact Us' link with a tiny icon.

## QUESTIONS AND ANSWERS

1 What treatments do you offer?

2 How long does implant treatment take? (open by default) - 'Most implants are completed in 3 to 6 months, including healing time. Dr. Fahad will give you an exact timeline after your examination.' + 'Simple cases using existing bone can be faster; we always explain every step before we start.'

3 Are your treatments painful? - 'We use modern anaesthesia and gentle techniques so you stay comfortable throughout.'

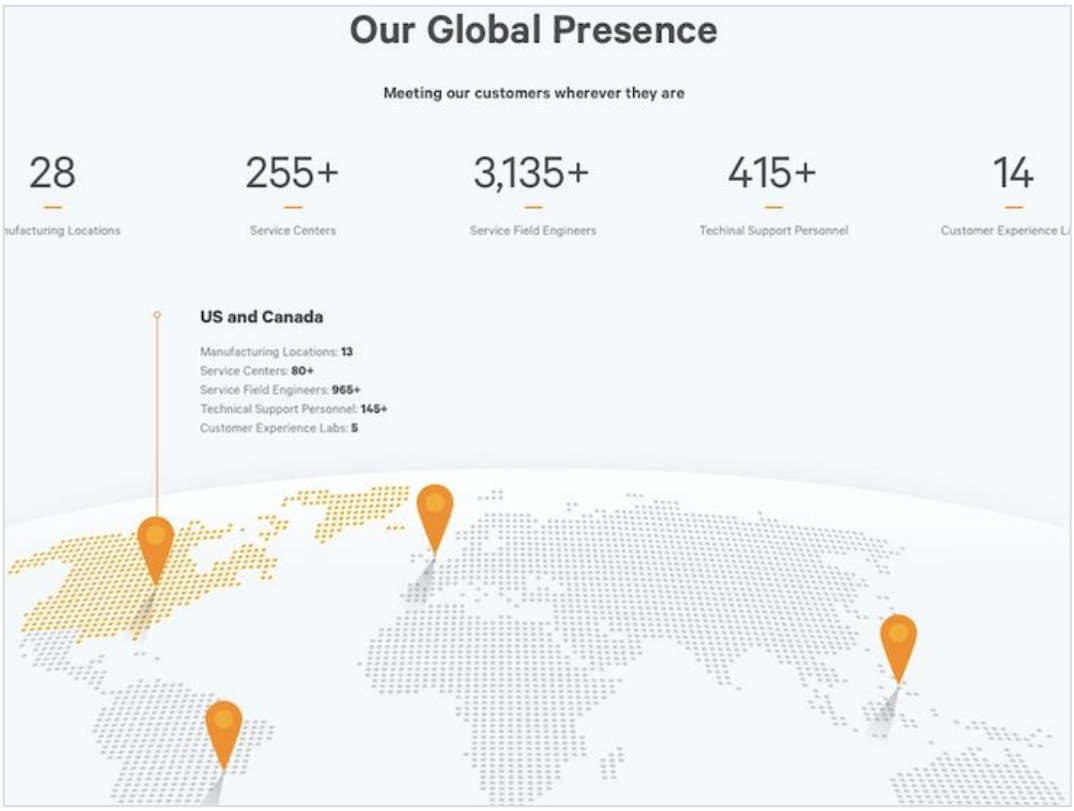

4 Do you treat children? - 'Yes. We provide friendly, patient care for kids of all ages.'

5 How do I book an appointment? - 'Use the booking form, call +92 310 4555546, or message us on WhatsApp.'

SECTION 12

# Find Us / Contact

*Reference: 'Our Global Presence' dotted-map block. Use its visual style for a single clinic location.*

## HEADING AND STATS

Centred heading 'Find Us in Karachi' (~40px) with a 13px sub-line 'Meeting our patients wherever they are'. Below, a centred row of three thin stats (large light number, short underline in accent blue instead of orange, small grey label): 'Mon - Sat / Open days', '24 Hours / Open (as listed)', 'P.E.C.H.S. / Karachi'.

## MAP VISUAL

A large dotted world/Pakistan map in light-grey dots on a soft white-to-pale-blue curved horizon surface. A single accent-blue teardrop pin (lighter inner circle, small floor shadow) stands on Karachi. A thin vertical line rises from the pin to an info callout (like the 'US and Canada' callout in the reference) with: 'Aslam Dental Care' (bold), then label/value rows: Address - Jheel Park Rd, Block 2, P.E.C.H.S., Karachi; Phone - +92 310 4555546; Hours - Mon - Sat, open 24 hours; Doctor - Dr. Fahad Aslam (BDS, RDS).

## REAL MAP AND ACTIONS

Next to or under the dotted map add a real embedded Google Map iframe for the exact address (radius 24px, ~320px tall, grayscale filter to match the palette). Two buttons: 'Get Directions' (Google Maps link) and 'Call Now' (tel link).

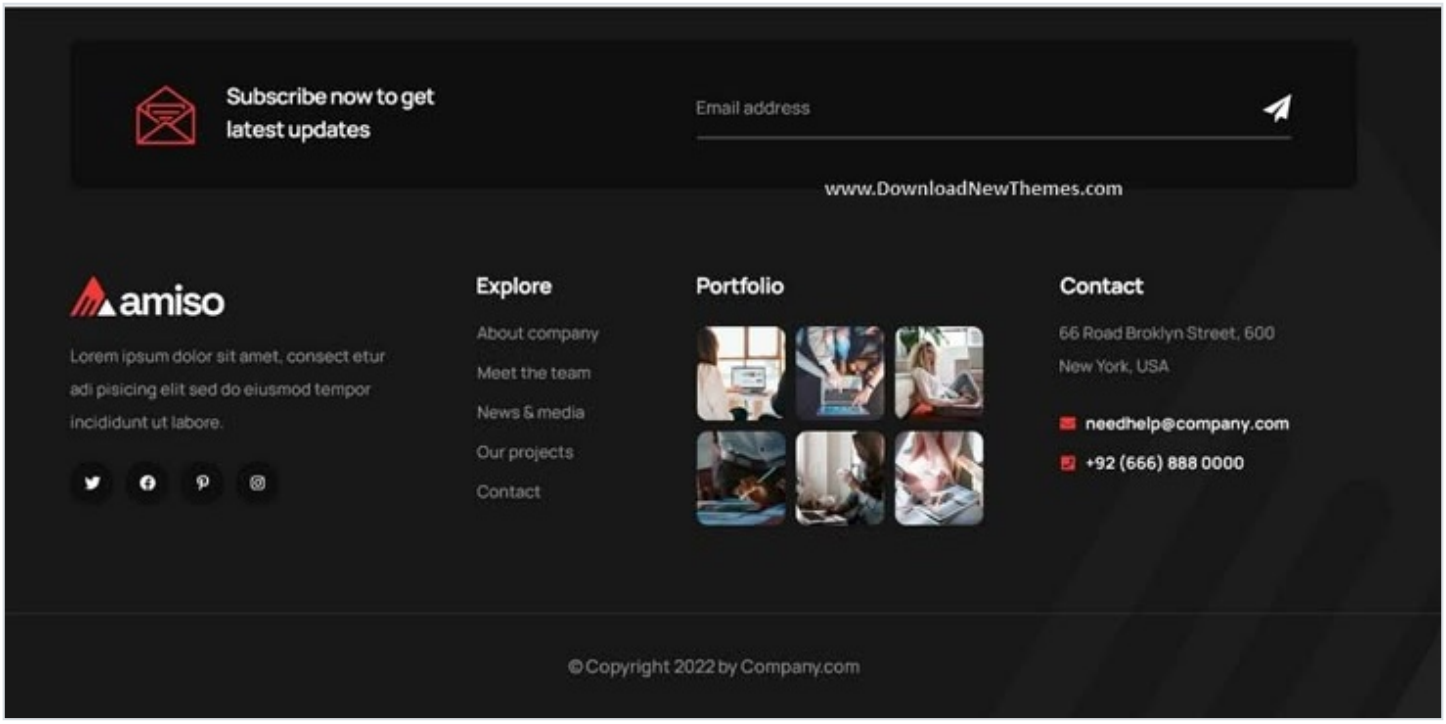

## BEHAVIOUR

Pin drops/bounces once on enter; callout fades in. Mobile: smaller map, callout below the pin, buttons full width.

SECTION 13

# Footer

*Reference: Amiso dark footer with subscribe bar (bottom part of the Amiso reference).*

### CONTAINER

Dark charcoal (#1B1C1E) full-width section with rounded top corners and faint large diagonal shapes in the bottom-right corner.

### SUBSCRIBE BAR

A darker rounded bar (radius 16px, #131415): left an outlined envelope icon in accent blue and a two-line white 18px title 'Get dental care tips & clinic offers'; right an email input with only a bottom line (placeholder 'Email address') and a white paper-plane icon at its end.

### FOUR COLUMNS

1 White logo + wordmark, 3-line grey description 'Aslam Dental Care provides a wide range of dental treatment at affordable prices with up-to-date technology.' and four round dark social buttons (Facebook, Instagram, WhatsApp, YouTube) with white icons.

2 'Explore': About, Services, Process, Team, Reviews, Contact.

3 'Gallery' (reference calls it Portfolio): a 3x2 grid of small rounded (8px) clinic and smile photos.

4 'Contact': grey address text 'Jheel Park Rd, Block 2, P.E.C.H.S., Karachi', an accent-blue square mail icon with 'info@aslamdentalcare.pk' (placeholder), and a phone icon with '+92 310 4555546'. Column headings white 18px semibold.

### BOTTOM

Thin divider and centred copyright '(c) 2026 Aslam Dental Care. All rights reserved.' Link hover colour #1E9BF0 (the reference's red is replaced). Remove the 'DownloadNewThemes' watermark. Mobile: columns stack, gallery stays 3x2.
